

Public Health Roundtable on Firearm-Related Violence Prevention Agenda

Taking initial steps to build a comprehensive community-based approach to Firearm Violence Prevention in Colorado.

Date and Location:

June 5th and 6th at Cheyenne Mountain Resort, 3225 Broadmoor Valley Rd, Colorado Springs, CO 80906 ([Directions](#))

Roundtable Convening Objectives

- To develop shared language around what we mean by a public health approach to firearm violence prevention.
- To allow an opportunity for cross-sector partners to identify where they fit and can contribute to a public health approach.
- To develop an initial draft of risk and protective factors as well as community-based solutions.
- To initiate the development of tools needed by urban, rural, and suburban communities across the state that face an array of firearm-related violence.
